## Range of application

### Controller programming

Used for programming work, create a working path based on mold

programming to ensure normal operation, daily production, and equipment debugging

## Program shortcut keys

Used for debugging shortcut keys, simply press the corresponding shortcut key to work and improve efficiency

## Motor servo and ball screw

Accurately control the three axes, with an error controlled within  $\pm 0.01$

## dispensing valve

Aluminum dispensing valve with built-in sealing ring, strong corrosion resistance, good air tightness, and fine workmanship

PREVIOUSLY OBTAINED CERTIFICATE PATENTS

Won multiple credit certificates  
High tech enterprises  
Independently developed multiple product related technical patents

## FAQ

**Q1: What is the total cost for one machine? Can the machine be customized? What is the process?**

A: Our quotes are typically ex-factory prices, including: 1) the machine; 2) standard accessories; 3) wooden packing crates. For alternative pricing requests such as FOB or CIF terms, we will provide a detailed cost breakdown.

**Q2: What is the production cycle and delivery time?**

A: The production cycle for standard models is 7-15 business days after receiving the deposit. The specific time for delivery to your nearest port depends on your location and shipping schedule.

**Q3: What is the warranty period? What does the warranty cover? How is after-sales technical support provided?**

A: We offer a 1-year warranty covering defects caused by inherent equipment faults. Damage resulting from operational errors, natural disasters, unauthorized modifications, or use of non-genuine parts is excluded. We provide remote support via complimentary phone/email/video guidance and remote troubleshooting assistance.

**Q4: What are the payment terms and methods?**

A: Our standard payment terms are: 50% as advance payment; 50% balance paid before shipment. For long-term customers or large orders, we can discuss more flexible payment terms. Accepted payment methods include: T/T, L/C, etc.
