

Automatic 18 Colors Silicone Dispensing Machine for PVC Labels with 0.01mm XYZ Accuracy and 220V Input

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Chencai
- Certification: CE
- Model Number: CCDS-18C
- Minimum Order Quantity: 1
- Price: \$4,899-5,899
- Packaging Details: wooden case
- Delivery Time: 5-10days

Product Specification

- Weight: 316 KG
- Working Desk Size: 740*410mm
- Input Voltage: 220V
- Maximum Power: 1.6KW
- XYZ Accuracy: 0.01mm
- Dimension: 1230*1150*1550mm
- Color: Blue White
- Core Components: Engine, Motor
- Function: Silicone And PVC Product Making
- Number Of Colors: 18
- Machine Type: Full-automatic Glue Dispensing
- Material Compatibility: PVC Rubber
- Product Type: Keychains Machinery
- Operation Type: Easy To Operate
- Energy Efficiency: Energy Saving

PVC/SILICONE DISPENSING MACHINE

PVC products

drip molding

silicone toy

EQUIPMENT INTRODUCTION

Detailed explanation of functions
used for production

IMPROVE EFFICIENCY

Breaking the traditional drip molding industry and replacing manual labor with automation can greatly improve work efficiency

PRECISE DISPENSING

Accurate dispensing and shaping, no leakage, and precise control of every detail even with fast dispensing

REDUCE COSTS

One device can replace several manual productions, reducing labor costs and improving product output and quality

model	power	voltage
CCDS-18C	1.6kw	220V
Workbench dimensions	valid itinerary(X*Y*Z)	air pressure input
740x410mm	750x400x80mm	0.4-0.6mpa
machine weight	Overall dimensions	XYZ axis repeated precise positioning
316kg	1230x1150x1550mm	0.01mm

PRODUCT APPEARANCE

Three perspectives of product display

FRONT FACING REAL SHOT

Front appearance display, mainly reflecting the working plane of the machine equipment and some functions of the work

SIDE SHOT

You can almost see the entire product from the side, displaying the functions and overall situation of our machine. The actual machine display, including his design and work plan

BACK SHOT

The back of the machine mainly displays the details of storing material cans, adjusting air pressure, and checking the condition of related material cans

PRODUCT DETAILS

Detail display and functional introduction of product parts

PROGRAMMING CONTROLLER

Programming is simple, and you can operate it yourself in about a day of training. We can also arrange for a master to provide specialized training

MOTOR AND BALL BEARINGS

Accurate control of machinery and equipment, with three-axis error controlled within ± 0.01 . We have very strict requirements for the machine and strictly control every component

KEYBOARD BUTTONS

Multiple programs can be pre-set with shortcut keys, and simply follow the corresponding shortcut keys to work, improving efficiency

DISPENSING NEEDLE

Aluminum pressure valve with built-in sealing ring, strong corrosion resistance and good air tightness

SCOPE OF APPLICATION

DETAILED EXPLANATION OF FUNCTIONS
USED FOR PRODUCTION

3D Doll

Flat mouse pad

Bracelet bag

phone case

SUITABLE FOR VARIOUS PVC AND SILICONE INDUSTRIES,
BOTH 3D AND FLAT PRODUCTS CAN BE PRODUCED, PRODUCE
VARIOUS LIQUID SILICONE PRODUCTS

CERTIFICATE PATENT

PREVIOUSLY OBTAINED CERTIFICATE PATENTS

Won multiple credit certificates
High tech enterprises
Independently developed multiple product related technical patents

FAQ

Q1: What is the total cost for one machine? Can the machine be customized? What is the process?

A: Our quotes are typically ex-factory prices, including: 1) the machine; 2) standard accessories; 3) wooden packing crates. For alternative pricing requests such as FOB or CIF terms, we will provide a detailed cost breakdown.

Q2: What is the production cycle and delivery time?

A: The production cycle for standard models is 7-15 business days after receiving the deposit. The specific time for delivery to your nearest port depends on your location and shipping schedule.

Q3: What is the warranty period? What does the warranty cover? How is after-sales technical support provided?

A: We offer a 1-year warranty covering defects caused by inherent equipment faults. Damage resulting from operational errors, natural disasters, unauthorized modifications, or use of non-genuine parts is excluded. We provide remote support via complimentary phone/email/video guidance and remote troubleshooting assistance.

Q4: What are the payment terms and methods?

A: Our standard payment terms are: 50% as advance payment; 50% balance paid before shipment. For long-term customers or large orders, we can discuss more flexible payment terms. Accepted payment methods include: T/T, L/C, etc.
